Going Forward

- A robust Snacks portfolio means that we are now probably only 18-24 months away from being the No 1 brand in Western Snacks in the Modern Trade in India.
- To have the same success in the Traditional Trade we need to:
 - a) Adapt the Portfolio in terms of SKU offerings
 - b) Execute the regional sourcing model (5/7 plants)
 - c) Modify Go to Market while expanding Town Coverage.Work on all of these is currently underway.
- This will enable us to have a solid Distributor Infrastructure and improve the return on our advertising investment on Ready to Cook Popcorn, Tortilla Chips & Peanut Butter through distribution expansion.
- Transition towards a self funded Foods Platform and achieve our ambition of making Act II a Rs. 500 crore brand.

Becoming the “Most Respected Foods Company”

- Flagship CSR program “Poshan” running in Gujarat and Uttarakhand.
- Continue to impact c 12,000 children.
- Best in Class CSR program with a high community impact.
